5	Measures taken for Slow Learners	
	5.1 Remedial Class	82
	5.2 Parents Meeting	100
6	Sample Certificates of Activities of Advanced /Slow Learners	116

## 1. BRIDGE COURSE:

The strength of our relationship with the students is our ability to gauge their strengths and weaknesses. Bridge courses conducted for a period (08.07.2019 -26.07.2019) by the different departments at the beginning of the academic year 2019-2020 as an effort on our part to fill-in the chasm that exists between the shared knowledge of students at the entry-level and the course requirements.

## **1.2 SYLLABUS:**

### **BRIDGE COURSE SYLLABUS FOR FIRST YEAR B.E/B.TECH STUDENTS**

#### **DEPARTMENT OF ENGLISH**

#### **UNIT I - Listening**

Processing words – prefixes, suffixes, gap filling, missing words and sounds / suggesting and practicing activities from simple to complex. Listening to one sided telephonic conversation or dialogue and filling the full dialogue / asking for information / picture description/listening to a lecture poem / writing reviews by watching films / listening oral reviews.

#### **UNIT II - Speaking**

Sample speeches / self-introduction / asking for information / giving directions / reading out plays / role play in groups and in pairs / speaking with minimum preparation / developing the public speaking abilities / paving way for group discussion.

#### **UNIT III - Reading**

Multiple reading strategies based on different texts and purposes / enabling the students to read variety of texts (Newspapers / stories / texts) / giving awareness of journalistic lingo as well as style of writing by reading the contemporary happenings. Reading masterpieces: essays, short essays, short stories, novels and so on...

#### **UNIT IV -Writing**

Writing error free sentences / familiarizing basic grammar / drafting / coherence and cohesion / writing style of emails / letters / sentences / paragraphs / essays / common errors in sentences / developing the intensive reading skills (Wh. Questions, Multiple choice questions., True or false Questions, Open-ended Questions) / interpreting graphical representation / note making.

## DEPARTMENT OF MATHEMATICS

### UNIT I

Matrices, Vector Algebra and Partial Fractions Basic needs of matrices - Physical interpretation of matrices - Types of matrices - Operations on matrices. Properties of matrices - Determinants - Relation between matrices and determinants - Properties of determinants. Representation of vectors - Physical interpretation of vectors - Types of vectors - Operation on vectors - Direction ratios and direction cosines. Applications of partial fractions - Importance of partial fractions - Types.

### UNIT II

Series & Sequence and Trigonometric Functions - Importance of series and sequences - Link between series and sequences - Validity of series - Conditions for convergence and divergence. Binomial series - Exponential series – Logarithmic series. Angles - Measurements - Degrees - Radians - Quadrants - Trigonometric ratios - Ratios of particular angles.

### UNIT III

Differential Calculus Limits and continuity - Concepts of continuity - Derivatives of a function - Differentiation rules - Derivatives of trigonometric function. Chain rule - Techniques of differentiation - Total and partial derivatives. Theory of equations - Relation between roots and coefficients – Expressions - Equations and factors.

### UNIT IV

Integral Calculus Applications of integration - Definite and indefinite integrals - Proper and improper integrals - Techniques of integration. Integration by substitution - Integration by parts - Bernoulli's formula - Integration by using partial fractions.

### UNIT V

Differential Equations ODE - PDE - Applications of ODE & PDE - Formation of ODE & PDE. Order - Degree - Need of differential equations & importance. Linear & non linear - Homogeneous & non homogeneous equations. Relation between constant coefficients & variable coefficients.

## DEPARTMENT OF PHYSICS

### UNIT I- Kinematics and Mechanics

Vectors – Velocity – acceleration - freely falling objects - Newton's first law of motion - inertial motion - Newton's second law of motion - Newton's third law of motion – momentum - energy.

### UNIT II- Electricity

Electrostatics- Coulomb's law- electric field – potential - Electric current - electrical resistance - Ohm's law and electric shock - Direct current and alternating current - converting ac to dc – speed and source of electrons in a circuit. Electric power.

### UNIT III- Magnetism

Source of magnetic fields - Magnetic field lines - Bohr magneton - Concepts of diamagnetism and paramagnetic - Electronic configuration and origin of ferromagnetism.

### UNIT IV- Elasticity

Origin of elastic behavior - atomic scale explanation using energy versus distance curve - need to define stress and strain - comparison of the elastic behavior of different materials (metals, polymers and ceramics) using bonding between atoms - role of compressive forces in arches - bending of beams – demonstration uses a plastic scale - horizontal bending and vertical bending.

### UNIT V- Thermal Physics

Concept of heat conduction – A piece of metal feels cooler than a piece of wood at the same temperature.

## DEPARTMENT OF CHEMISTRY

### UNIT I - Battery Technology

Batteries and their importance, Classification of batteries - primary, secondary and reserve batteries with examples. Battery characteristics - voltage, capacity, energy density, power density, energy efficiency, cycle life and shelf life. Construction, working and applications of: Dry cell, lead-acid battery, Ni-Cd battery.

### UNIT II - Corrosion and its Control

Introduction, oxidation reaction, reduction reactions (acidic, alkaline / neutral medium), ex: - rusting of iron. Types of corrosion, Corrosion control by: i) Using inhibitors, ii) Cathodic protection - sacrificial anode method and impressed current method and iii) Protective coatings - metal coatings - galvanizing and tinning.

### UNIT III - Instrumental Methods of analysis

Types of instrumental analysis, Electro analytical techniques: i) Conductometry - principle, Estimation of HCl using standard NaOH, applications of conductometric titrations (acid - base titrations only), ii) Potentiometry - principle and applications - a. Potentiometric estimation of iron, b. Determination of dissociation constant of a weak electrolyte using glass electrode.

### UNIT IV - Chemical fuels

Introduction, classification with examples, calorific value - classification (HCV & LCV), octane number, cetane number, Knocking in IC engine, Prevention of knocking: Anti-knocking agent & unleaded petrol. Synthetic petrol – Fischer - tropesch process.

### UNIT V - Water technology

Introduction, sources, water analysis: i. Hardness-determination by EDTA method-numerical problems, ii. Alkalinity - determination by double indicator method-numerical problems, iii. Determination of chloride by Mohr's method, iv. Determination of dissolved oxygen by Winkler's method.

  
PRINCIPAL

## **ENGINEERING GRAPHICS**

### **UNIT I - Plane Curves and Freehand Sketching**

Basic Geometrical constructions: Conics, ellipse, parabola and hyperbola. Construction of cycloid, construction of involutes of square and circle. Drawing of tangents and normal to the curves.

### **UNIT II - Projection of Points, Lines and Plane Surface**

Orthographic projection – principles - Principal planes - First angle projection - projection of points. Projection of straight lines (only First angle projections) inclined to both the principal planes.

### **UNIT III - Projection of Solids**

Projection of simple solids like prisms, pyramids, cylinder, cone and truncated solids when the axis is inclined to one of the principal planes by rotating object method.

### **UNIT IV - Projection of Sectioned Solids and Development of Surfaces**

Sectioning of above solids in simple vertical position when the cutting plane is inclined to one of the principal planes and perpendicular to the other.

### **UNIT V - Isometric and Perspective Projections**

Principles of isometric projection, isometric scale, Isometric projections of simple solids and truncated solids.

## **PROBLEM SOLVING AND PYTHON PROGRAMMING**

### **UNIT I - Algorithmic Problem Solving**

Algorithms, building blocks of algorithms, notation (pseudo code, flow chart, programming language), algorithmic problem solving, simple strategies for developing algorithms (iteration, recursion).

### **UNIT II - Data, Expressions, Statements**

Python interpreter and interactive mode; Data types: int, float, Boolean, string, and list; variables, expressions, statements.

### **UNIT III - Conditionals and Looping Statements**

Conditionals: Boolean values and operators, conditional (if), alternative (if-else), chained conditional (if-elif-else); Iteration: state, while, for, break, continue, pass.

### **UNIT IV - Lists, Tuples, Dictionaries**

Lists: list operations, list slices, list methods, list loop, mutability Tuples: tuple assignment, Dictionaries: operations and methods.

### **UNIT V - Files, Modules, Packages**

Files and exception: text files, reading and writing files, modules, packages.

## **COMMUNICATION SKILLS LAB**

### **UNIT I**

Introduction to Communication Skills & Soft Skills, Difference between Hard skills & soft skills, General awareness of Current Affairs.

### **UNIT II**

Self-Introduction - organizing the material, introducing oneself to the audience – introducing the topic, Answering questions – individual presentation practice, presenting the visuals effectively – 5 minute presentations.

### **UNIT III**

Role Play, Dialogue Writing, Vocabulary building, Debate.

### **UNIT IV**

Introduction to Group Discussion - Do's and Don'ts, Participating in group discussions, GD strategies, activities to improve GD skills.

### **UNIT V**

Interview etiquette, Dress code – Body language – Attending job interviews – telephone / skype interview, One to one interview & panel interview, FAQs related to job interviews.

## VISION

To be a center of excellence in Technical Education through Technical, Ethical and Professional skills for meeting the diverse needs of the Society, in particular Muslim minority community and the Nation.

## MISSION

- To impart Quality Education, Training and Research in the fields of Engineering and Technology.
- To provide a conducive learning environment that enables the students to achieve professional and personal growth.
- To expose the contemporary issues of society, ethical practices and to create environmental awareness.
- To provide the required infrastructural facilities for developing the professional and innovative skills.

### ABOUT THE INSTITUTION

The M.I.E.T Society, founded by Er. A. Mohamed Yunus during the year 1984 offers a high quality holistic education in an underdeveloped rural and semi-urban region of Tiruchirappalli, Tamil Nadu. The society's members include leading Industrialists, Educationists and Philanthropists.

M.I.E.T Engineering College was established by the Mohamed Institute of Education & Technology Society, Tiruchirappalli in the year 1998 with an objective to promote the cause of higher education. The College is affiliated to Anna University, Chennai. It is recognized as a Muslim Minority Institution.

Our Management extends its fullest support in building the institution as a centre of excellence with technically superior, ethically strong and competent engineers. The serene campus vibrant with aesthetic bliss in an exhilarating convenient location, well connected by road, rail and air is easily accessible. The eco-friendly ambience creates and bestows a healthy learning atmosphere. The multi-disciplinary institution is meticulous with exemplary modern laboratory, workshop facilities and state of art computer centre providing an excellent infrastructure. Good numbers of Doctorates, qualified, experienced, versatile and efficient faculty members mould the students diligently in ethical, moral and academic aspects. Active tutorial and Advisory services are downed to the students to inculcate and harness managerial acumen, knowledge assimilation and respect for human national values with uncompromised discipline.

Spacious, digital library is an epitome of knowledge to imbibe the reading habit with vast collection of Books, Newspapers, National & International Journals, Magazines, and Reference books, Encyclopaedia, World of science, ASME hand

## M.I.E.T. ENGINEERING COLLEGE

books and course materials. E-learning through NPTEL Video course by NIT and IIT Professors is also available. Career Development Centre of Training and Placement Department, works meticulously to improve and develop life skills and employability by unleashing the latent potentials of the students to confront with the global challenges.

The Research and Development Cell provides ample opportunity and scope for research with abundant resources. Various Club activities are conducted to encourage, motivate and inspire students from diverse culture to harness the talent through their perseverance. Excellent Play grounds, Indoor games and Gym facilities pioneer triumphant champions in continuity in the field of sports. The College Hostel is a home away from home which provides comfortable stay with all amenities. Industry-Institute interaction and real-time projects nurture and craft the budding engineers to bloom and flourish in the field with the prowess guidance in the campus.

### **POLICY ON ADVANCED AND SLOW LEARNERS**

Assessment of learning is a systematic process in an Educational institution to evaluate the student's knowledge and skills on the subject. This assessment is done directly by examining the student's achievements in University examinations, Cycle Tests and Assignments. The term assessment is generally referred to all the activities of the students on a particular course. The assessment of individual student growth is measured and it helps to know the academic performance of the students in each subject.

#### **a. Methodology to identify advanced and slow learners**

As mentioned above, the learning level of the students is being assessed and may be enhanced to obtain a good result in both academic and placement oriented

## M.I.E.T. ENGINEERING COLLEGE

(Approved by AICTE, New Delhi, Affiliated to Anna University, Chennai)

UG - CSE, EEE & MECH Programs Accredited by NBA, New Delhi.

(An ISO 9001:2015 Certified Institution)

TRICHY - PUDUKKOTTAI ROAD, TIRUCHIRAPPALLI - 620 007.

Email: principalengg@miet.edu, contact@miet.edu

Website: www.miet.edu

Ph: 0431 - 2660 303

activities. In order to identify and improve the level of academic performance a continuous conduct of unit test / cycle test and assignments are taken place in each semester. Based on the academic performance in those tests and assignments, the level of performance of the students is assessed by the teachers and the result of these assessments are used as tools to categorize the students into two major groups namely advanced learners and slow learners.

After the completion of Test 1 the students who secured above 60% are identified as Advanced learners and as a follow up the succeeding Advanced learners are being identified as per the below considerations:

1. The students who secured above 60% of marks in ALL the tests conducted.
2. At the completion of all the tests, the students who are being identified as Advanced Learners undergo for verification whether they secured an Average of above 60% in ALL the tests that are conducted in a specific semester.

Likewise, as per the following considerations, the Slow Learners are identified:

1. The students who secured below 50% after the completion of Test 1.
2. The students who are being ABSENT for a test.
3. Even the identified Slow Learners are provided ample opportunities to become an Advanced Learner when they secure above 60% of marks in other tests at the end of all the tests.

### b. Methodology to encourage Advanced Learners:

The Advanced learners are being given an additional care for the betterment of their performance, based on the nature and interest of the students as per the changing scenario. They are having an opportunity in the following fields to equip and enhance themselves additionally.

- The students are encouraged to practice in problem solving techniques that will help to bring out their own talents.

  
PRINCIPAL

## M.I.E.T. ENGINEERING COLLEGE

(Approved by AICTE, New Delhi, Affiliated to Anna University, Chennai)  
UG - CSE, EEE & MECH Programs Accredited by NBA, New Delhi.  
(An ISO 9001:2015 Certified Institution)  
TRICHY - PUDUKKOTTAI ROAD, TIRUCHIRAPPALLI - 620 007.

Website: www.miet.edu

Ph: 0431 - 2660 303

- Learning with intellectual peers would provide them to improve their self interest and confidence to take up higher levels of learning. It is important to respond for this quick pace of learning by providing challenging and engaging activities such as Independent study, Creative thinking activities, etc.,
- The students are allotted with a specific topic to take seminar in the regular classes in order to develop the skill of self learning.
- The students are motivated to do projects/mini-projects and to go internships which help them to improve their domain and technical knowledge more deeply.
- The fast learners are trained to take up competitive examination such as GATE / UPSC / TNPSC etc.
- The students are permitted to enroll in more number of certificate courses like NPTEL and spoken tutorial to strengthen their professional skills; and they are allowed to access online journals like Springer in the digital library which is considered as an additional resource of learning.
- To know the different types of learning skills they are allowed to participate in various workshops, seminars, and technical symposia as well as in contests to improve their skill sets.
- The advanced learners are advised to help the slow learners to improve their performance.

### c. Methodology to boost Slow Learners:

Students who cannot learn at an average rate from the instructional resources, text books, workbooks and learning materials that are designed for all the students in the class room and based on the mere performance in the internal tests are identified as Slow learners. These students are given a sharp attention by providing the following:

## M.I.E.T. ENGINEERING COLLEGE

(Approved by AICTE, New Delhi, Affiliated to Anna University, Chennai)

UG - CSE, EEE & MECH Programs Accredited by NBA, New Delhi.

Ph: 0431 - 2660 303

- Teaching-learning process adopted with more than one methodology is use in classroom for slow learners.
- The identified slow learners will be under the care of the subject handling faculty. They interact with the concerned students and with their parents to know about the difficulties that are being faced by the students. Based on the output and information the teacher will chart out further plan of action.
- Apart from the regular class room teaching, periodic remedial classes and special classes are conducted for their improvement. This method of teaching helps the students to come out from their deficiencies.
- Periodic counselling is performed to remove the fear of appearing the end semester examination.
- Regular Parents-Teachers Meeting is organized to inform the parents about the status of the students which helps to monitor the progress of the students both by the teacher and parents.
- The students are motivated to participate in Extra Curricular Activities as per their area of interest.

## 4. ACTIVITIES CONDUCTED FOR ADVANCED LEARNERS

### 4.1 PLACEMENT AND CAREER GUIDANCE

## A ONE-DAY SYMPOSIUM IN COLLABORATION WITH IT EXPERT TRAINING (09.07.2019)

### INVITATION

**FUTURE IT TECHNOLOGIES**  
**One-Day Symposium**

**Morning Session**  
10.00 AM - 12.00 PM (On-site)  
Introduction to ITET  
3D Printing  
IoT & Robotics

**Afternoon Session**  
01.30 PM - 03.30 PM (Online)  
ITET College Portal Walkthrough  
Programming, Big Data and Data Science  
Impact of Cyber Security in the Digital World

**SYMPOSIUM OBJECTIVES**

- ◆ To create awareness on the impact of future IT technologies.
- ◆ To elicit the need and importance of acquiring skills on the emerging IT technologies.
- ◆ To elaborate the ITET subscription based e-learning service offerings to build students career in the domain of their interest.

**WHO CAN ATTEND?**  
All UC/PG Students from the Mechanical, Civil, Computer Science and other electronics related streams.

**Speakers**

**BASHEER AHAMED**  
PROGRAMMING / DATA SCIENCE

**MUHAMMED ILYAS**  
IOT, ROBOTICS & AUTOMATION

**KALYANA SUNDARAM**  
SG RESEARCH & CYBER SECURITY

**DATE: July 09, 2019**  
**VENUE: M.I.E.T, Trichy**

ORGANISED BY  
**MIET** In collaboration with **IT EXPERT**

### GATE AWARENESS PROGRAMME

#### A REPORT ON

#### “CAREER OPPORTUNITIES AFTER ENGINEERING”

#### (GATE - IES - PSUS - COMPETITIVE EXAMINATIONS AWARENESS)

MIET Engineering College has conducted GATE; IES; PSUS examinations awareness programme in the name of CAREER OPPORTUNITIES AFTER ENGINEERING on 2 August 2019. Mr. Vaibhav chhabra was the speaker of the programme who explained systematically and motivated the students to write the state and central government - undertaking examinations. His thought provoking speech much affected the students. His comparison between private companies' employment and government jobs created great awareness to students' mind.

Students keenly observed the session. At the end of the session they discussed with the speaker while they clarified their doubts. They have much satisfied and thank speaker. That seen was the evidence of the success and impact of the programme.

The programme started with Qirath and Tamil thali valthu. Mr. A. Robert Maria Vincent welcomed the Chairman, the principal the dignitaries, staff and students. Er. A. Mohamed Yunus, the Chairman of MIET, felicitated the gathering. Dr. X. Susan Christna Principal of MIET Engineering College delivered the special address. Mr. G. Muruganandham made the vote of thanks.

## 4.2 ENTREPRENEURSHIP DEVELOPMENT PROGRAMME

### **INTRODUCTION TO INDUSTRIAL AUTOMATION**

**Date: 19.08.2019.**

**Organizer: Department of EEE in association with EDC.**

**Resource person: Mr. S. Samuel Dilton, Senior Project Engineer,  
IPCS Automation, Trichy.**

#### **Objective of the Program:**

- To enhance the knowledge of students in Industrial Automation
- To understand role of SCADA in industrial automation
- To develop the knowledge in modules of PLC designing

#### **Topics Covered:**

- Introduction to Industrial Automation
- Industrial Automation using SCADA
- Industrial Automation using PLC

#### **Outcomes:**

- Ability to understand the importance of Industrial automation
- Ability to explain the configuration of SCADA.
- Ability to understand need of PLC in automation.

## ENTREPRENEURSHIP IN MOBILE SERVICING - TECHNIQUES FOR SMART PHONE SERVICE AND TROUBLESHOOTING

**Date: 04.10.2019 & 05.10.2019**

**Organizer: EDC in collaboration with IETE student's forum.**

**Resource person: Mr.R.Karthi, New Technology, Mobile Service & Training Institute, Coimbatore**

### **Objective of the Program:**

To make the student to understand about tracking, identifying Components, Trouble Shooting and also assembles and disassemble the Mobile Phone.

### **Topics Covered:**

- Basics of Electronic Components, Current and voltage power.
- AC current and DC Current, IC Identification in mobile phone.
- Testing of Battery and Components by using various Testing method.
- Circuit Diagram for i) Speaker and Ringer Solution ii) Insert SIM (or) No Signal Solution (iii) Charging Solution
- Checking of Speaker, Mike and Ringer in Mobile phone, Dead Mobile Solution, Software Problems in Mobile phone

### **Outcomes:**

- Identification of Active and Passive Component in the PCB Board inside the mobile phone
- Students have learned about how to diagnose the mobile Phone.
- Students have learned about how to replace the components according to the problem occur in the mobile phone.
- The Students have gained basic knowledge to become the Entrepreneur in mobile session

## INDUSTRIAL EXPECTATIONS FROM ENGINEERS

**Date: 19.08.2019**

**Organizer: Department of Mechanical Engineering in association with EDC.**

**Resource person: Mr.S.Senthilkumar, Assistant Professor, Mechanical Engineering Department, Alagappa Chettiar Government College of Engineering and Technology (ACGCET)**

### **Objective of the Program:**

- To impart knowledge about the expectation of the Industries from the Engineering Graduates.

### **Topics Covered:**

- The importance of Engineering courses and its huge employability opportunities around the world.
- Focus of industry on creativity skills, time keeping, basics of technical knowledge and Professional attitude
- The importance of club activities, particularly about SAE (Society of Automotive Engineers) activities.
- Visualizing a video on 'Tractor design and fabrication' as a motivated force to think in other perspectives outside the curriculum.

### **Outcomes:**

- The students were able to update their knowledge regarding industry expectations.

Date: 12.02.2020

Organizer: Department of MBA in association with EDC.

## Objectives of the Program:

- To help the individuals to develop essential skills required to run a business successfully.
- To help the participants in enhancing their abilities and acquiring skills necessary for fulfilling their roles and responsibilities as an entrepreneur.
- To help the participants to understand the importance of entrepreneurial discipline required to develop a sense of responsibility in them.

## Outcomes:

- Through this programme, the budding entrepreneurs are highly-educated but they lack the discipline required to start a business. The program gave a clear picture on the discipline to be followed while running a business entity.

## ENTREPRENEURSHIP IN PCB DESIGNING AND MAKING CIRCUITS

Date: 03.10.2019 & 04.10.2019

Resource person: Mr. E. Arunvijayan and Team, Pantech Proed Pvt. Ltd., Trichy

### Objective of the Program:

- To gain basic concept of PCB design.
- To provide design knowledge with Proteus software.
- Expose the students to practical process of PC board preparation.

### Topics Covered:

- Introduction to Proteus software.
- Basic Schematic Circuit Drawing using software.
- Design of Oscillator and Multivibrator circuits in PCB.

### Outcomes:

- Students can able to understand PCB vital role in engineering field.
- Students can able to do the design the circuits with Proteus software.
- Students can able to prepare the designed PCB with raw material.

## Certificate of Participation

Spoken Tutorial

This is to certify that **STEFFI MONICA A** participated in the **BOSS Linux** training organized at **M.I.E.T Engineering College** in **January 2019** semester, with course material provided by the **Spoken Tutorial Project, IIT Bombay**.

A comprehensive set of topics pertaining to **BOSS Linux** were covered in the training. This training is offered by the **Spoken Tutorial Project, IIT Bombay**, funded by the **National Mission on Education through ICT, MHRD, Govt. of India**.

The following points were discussed:

1. Parents informed that they are getting the information about their ward presence or absence over phone through advisors.
2. Parents requested to permit them to pay their ward tuition fees in two terms.
3. They request to provide study material book for lateral entry student also.
4. Parents requested our staff not to send the students back to home if they come 5 min late to college. They asked to give permission for late comers to attend the second hr class.
5. They are satisfied in knowing about that their children are studying in innovative teaching/learning methods.
6. They felt happy that we are following Mentoring / Advisory system to monitor our students.
7. They requested to provide shunting trip from gate to C-block at morning and evening time.
8. They are satisfied with laboratory facilities and Coaching Class.
9. Discussed about academic progress, and the parents given positive feedback about faculty members. The parents are informed that the approach of the faculty members with students are friendly manner and they counseled the students whenever the students got academic and personal problems.

## M.I.E.T. ENGINEERING COLLEGE

(Approved by AICTE, New Delhi, Affiliated to Anna University, Chennai)

UG - CSE, EEE & MECH Programs Accredited by NBA, New Delhi.

(An ISO 9001:2015 Certified Institution)

TRICHY - PUDUKKOTTAI ROAD, TIRUCHIRAPPALLI - 620 007.

Email: principalengg@miet.edu, contact@miet.edu

Website: www.miet.edu

Ph: 0431 - 2660 303

The following points were discussed:

1. Parents informed that they are getting the information about their ward presence or absence over phone through advisors.
2. Parents requested to permit them to pay their ward tuition fees in two terms.
3. Parents are satisfied that their wards are being taught with innovative teaching/learning methods.
4. Parents were felt happy that we are following Mentoring / Advisory system to monitor our students with respect to discipline, academics and career growth.
5. They are satisfied with laboratory facilities and Coaching Class.
6. All the parents complained that most of the time their wards are using mobile phones in their houses. HOD instructed with the parents to restrict the usage of mobile phone in their house for long time.
7. Discussed about academic progress, and the parents gives positive feedback about faculty members. The parents are informed that the approach of the faculty members with students are friendly.
8. Parents said that the counseling is given properly by the faculty members with respect to studies and personal problems.
9. Parents informed the HOD that the performance of Unit tests and University results were not received. HOD replied that the report will be send at the earliest.
10. Finally the HOD thank all the parents, in spite of their busy schedule they allocate time to attend the PTA meeting.

V. Channu
