Report

Seminar on "Knowledge Enrichment Program on Digital Marketing"

Organized by

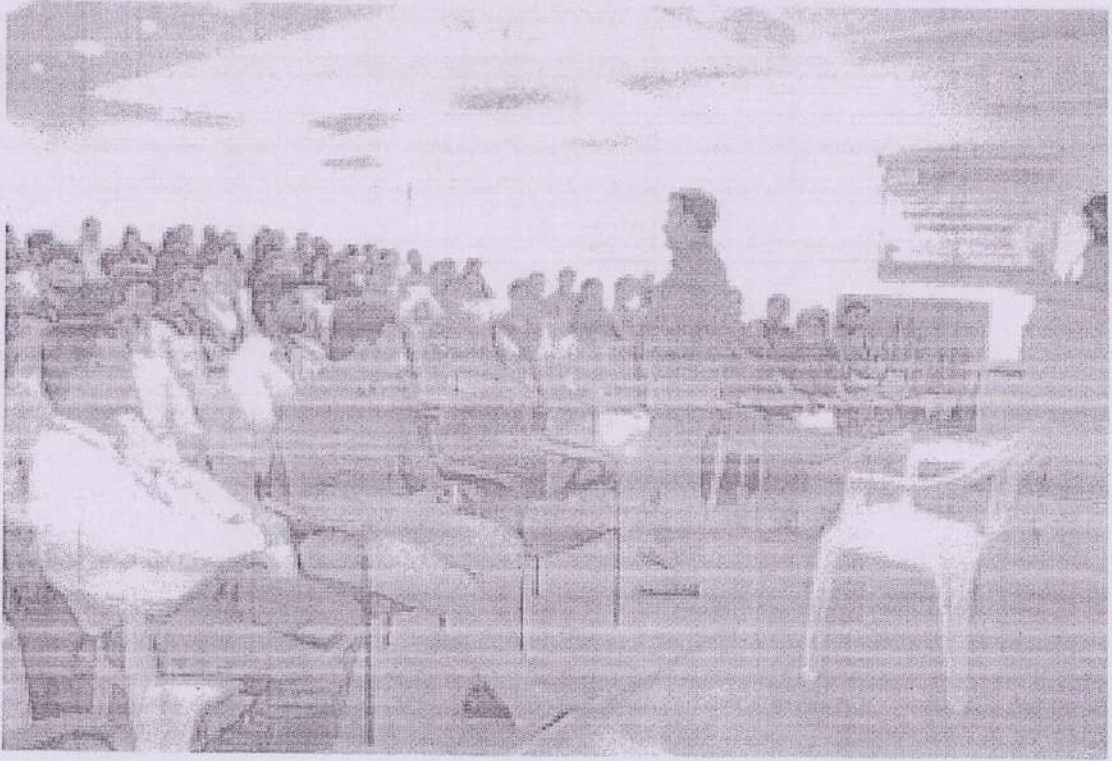

Department of Computer Science and Engineering
on 29-07-2019 at 2.00 p.m. in the T&P Seminar hall

Resource Person: Mr. Ananthram, Head Synergy School of Business School, Bangalore
The Department of Computer Science and Engineering, MIET Engineering College has conducted a Seminar on "Knowledge Enrichment Program on Digital Marketing" on 29-07-2019 at 2.00 p.m. in the T&P Seminar hall. Dr.V.Chandrasekar, Head of the Department, CSE felicitated the gathering. Selvan.M.Hisam Zahid of final year CSE welcomed the gathering and Selvan. G.Hariharan of final year CSE, gave an introduction about the chief guest Mr. Ananthram, Head Synergy School of Business School, Bangalore was the key note speaker for the session. He exemplified about the need and significance of Digital marketing. And also he conferred the importance about how Digital marketing plays the vital role in today's Era.

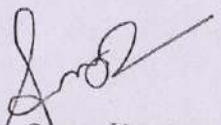

He fashioned awareness among students about the learning Digital marketing. There are many facets of traditional marketing and examples might include tangible items such as business cards, print ads in newspapers or magazines. It can also include posters, commercials on TV and radio, billboards and brochures. In modern, digital marketing play a vital role because most of the people uses social media much more rather than anything else digital marketing uses things like websites, social media mentions, YouTube videos, and banner ads. Specifically, digital marketing is similar to traditional advertising, but using digital devices. The lecture received an overwhelmed response with the participation of both the Third year and Final year CSE Students. At this juncture, coordinator would like to congratulate the students who came forward to learn 'out of syllabus and develop 'out of the box thinking' attitude.

Workshop on Three Days-“Advanced Ethical Hacking”

Sir,

Department of Computer Science and Engineering, M.I.E.T. Engineering College has conducted Three Days Workshop on the topic of “Advanced Ethical Hacking” on 27.02.2020 to 29.02.2020 in our college campus.

Alhaj Er. A. Mohamed Yunus, Chairman, M.I.E.T. Educational Institutions presided over the function and delivered the presidential address.

Dr.V.Chandrasekar, HOD, Department of CSE, M.I.E.T Engineering College welcomed the gathering. Dr.T.Karthikeyan, Director (P&D) and Dr.A.Naveen Sait, Principal, M.I.E.T. Engineering College gave the felicitational address. Mr S.Vivek Chief Executive Officer, Ozone Cyber Security, Ernakulam, Kerala was the Resource person addressed about technical part of the Ethical Hacking workshop with detailed Hands on training given to the students, which was very much useful for the students to do their real time application projects in various platform such as Network Security , Data security and Data science.

In his session students were informed about how to secure and maintain the data in cyber crime and the awareness was provided against the hacking and cyber crime. The Students was taught by providing security for laptop, desktop and mobile devices and also they could know about how to protect themselves from the cyber attacks. All the students are keen enough listening entire session and put their involvement in hands on sessions. In particularly students understand the online security related information about personal and confidential data.

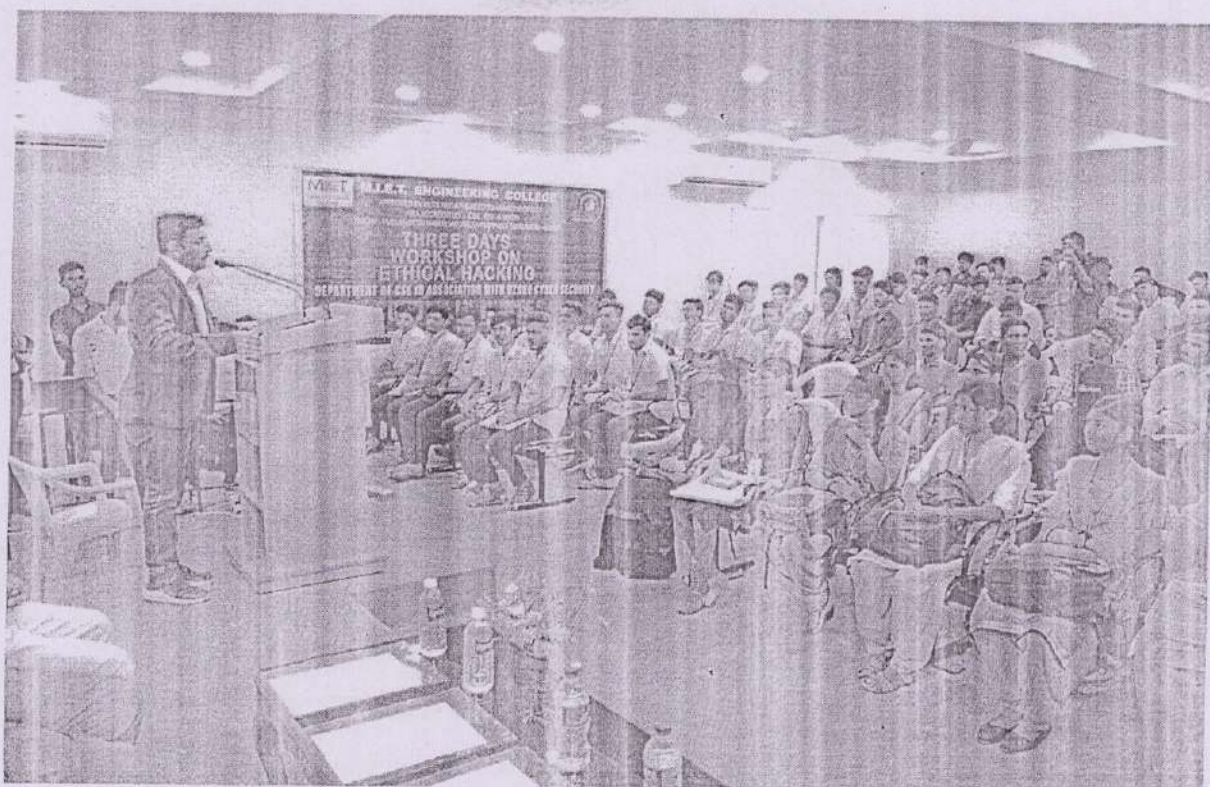

Finally Mr A.Joshua Issac Assistant Professor CSE, delivered the vote of thanks

We kindly request you to publish this news in your esteemed Newspaper.

Sub: Submission of a State Level Workshop (Fund Generation Program) on Ethical Hacking for approval -Reg.,

- The Department of Computer Science feels pleasure to submit the proposal for State Level advanced Ethical hacking workshop for outside Polytechnic and Engineering College students and faculties on 11th and 12th July 2019.
- The objective of the proposal is to promote our institution to the next higher level, this program ultimately helps for lateral entry admission and also there will be a monetary benefit to our institution.
- This workshop is going to organize in association with Ozone Cyber Security (already signed a MoU). The Participants are invited with promotional activity on both sides.
- This workshop will be conducted for two days of new participants of other colleges, and students who already attended our workshop are advised to take only second day workshop.

Overall Out Come of this Programme:

Students can able to do how to provide security for laptop, desktop and mobile devices and also they know how to protect themselves from the cyber attacks.

Overall Students Feed Back:

- The expert impressed the students by presenting live demo in smart TV hacking, system hacking and device hacking.

Q1. The lecture content met your expectation Q2. The program exposed you to new knowledge and practices Q3. The lecture was clear and easy to understand Q4. The resource person encouraged interaction and was helpful Q5. How much interesting this session was for you? Q6. What is your opinion about the resource person? Q7. How relevant was the content discussed by the speaker? Q8. How was your preparation about the topic before the guest lecture? Q9. Overall effectiveness of the lecture Q10. The program is also helpful to gain knowledge beyond the curriculum and syllabus.

Staff in-charge Feed Back:

- All the students are keen enough listening entire session and put their involvement in hands on sessions. In particular students understand the online security related information about personal and confidential data.

Organized by Entrepreneurship Development Cell collaborating with IETE

Date: 03.10.2019 & 04.10.2019

Resource person: Mr. E. Arunvijayan and Team, Pantech Proed Pvt. Ltd., Trichy, distribute the Certificates along with EEE HOD

Objective of the Program:

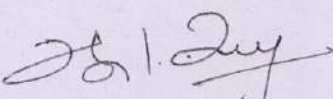

- To gain basic concept of PCB design.
- To provide design knowledge with Proteus software.
- Expose the students to practical process of PC board preparation.

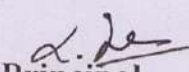

Topics Covered:

- Introduction to Proteus software.
- Basic Schematic Circuit Drawing using software.
- Design of Oscillator and Multivibrator circuits in PCB.

Outcomes:

- Students can able to understand PCB vital role in engineering field.
- Students can able to do the design the circuits with Proteus software.
- Students can able to prepare the designed PCB with raw material.
- Students have gained basic knowledge to become the Entrepreneur in PCB design.
- Students emphasized the importance of developing the technical skills of the student.
