6.4.1 Institution conducts internal and external financial audits regularly

Our M.I.E.T. society has maintained a very transparent financial system in the institutions. There are well defined processes for sanction of budget to expenditure.

An internal approval for all expenses is in place. Accordingly, bill/Voucher is recommended by the Head of the Department and approved by the Principal and Honorary secretary of MIET Society. All the bills/vouchers are audited by an Internal Auditor on a routine basis. Proper record of all the expenses is maintained by the accounts department.

An external auditor appointed by the society, executes the statutory audit. Statutory financial audit is conducted in two sessions, one in the month of October/November for the period of April to September and second in the month of April/May for the period of October to March. Finalization of the account is completed in June/July and audited statements are prepared in June/July duly signed by the senior accountant officer and chartered accountant. Finally, audited statement and accounts for every financial year is generated to comply statutory norms by our auditor.

No major objections are found in the audit by the statutory auditors and minor audit suggestions are compiled as per procedure.
