About the Department

The Department of Computer Science and Engineering was launched in the year 1998 with Under Graduate program B.E in Computer Science and Engineering. The Post Graduate Program M.E – Computer Science and Engineering was started in the year 2007. The current intake students are 120 for UG Program and 18 for PG Program. Both UG and PG Programs are conducted based on the syllabus prescribed by the Anna University, Chennai. Major subjects included in both the programmes are: Data Structures, Database Management Systems, Web Technology, Internet Programming, Artificial Intelligence, Mobile Computing, IoT, Data Science and Cloud Computing. The strength of the department is largely contributed by a team of dedicated, qualified and experienced faculty members who are specialized in various fields. The quality academic performance of the department was certified and accredited by NATIONAL BOARD OF ACCREDITATION (NBA), NEW DELHI. The research activities of the department are promoted by the faculty members with good number of Ph.D degree holders and many of them are pursuing their Doctoral Program. The research promotion of the department is evidenced by number of research papers published in refereed Journals. Besides the regular classroom lectures the students are given laboratory exercise to acquire practical skill and computing capability. For this the department has 7 well equipped laboratories. Van Rossum Lab for Python & C Programming Lovelace Lab for Operating Systems and DBMS, Tim Berners Lee Lab for Internet Programming and Security ,Edger Dijkstra Lab for Computer Networking.

Apart from the central library, the Department has a separate Library which is the source for instant reference by the students. The students are exposed to several co-curricular activities for enriching their knowledge and skills in Information Technology. The students are motivated to participate in seminars, workshops and conferences organized by the Anna University, IITs and other technical institutions. They are also encouraged to organize the seminars and workshops on current trends of Computer Science and Engineering, inviting participants from other institutions and experts from Institutions of Excellence such as Anna University, IITs, NIT-T, BSNL and other IT industry sector. Guest Lectures are arranged for the benefit of the students inviting eminent Professors, Industrial Experts, Scientists, Technocrats in IT fields. Students are encouraged to undertake socially relevant projects and such projects provides an opportunity for the students to serve the society. The Department has signed MOU with Ozone Cyber Security- Ernakulam, Liveware- Trichy, and i-neuron Technologies-Bangalore facilitating the students to carry out research project, enhancing the placement potential through implant training and Internships for acquiring experience in industrial environment.
